

Liddo Deck Cake

By Brooke Gerstenecker

Make your favorite yellow cake recipe twice to yield four layers of cake.

After cooling, begin assembling your Liddo deck cake as follows:

On to each layer you will add

1. drizzle 1 shot of orange liqueur
2. apricot/raspberry preserves with 1 T water added, warmed slightly
3. lemon curd
4. fresh sliced strawberries
5. whipped cream, sweetened with 1 tab. sugar and flavored with a bit of vanilla

Continue layering cake layers, adding each of the above to the top of each layer until the top layer. On the top layer, you will add the dose of orange licquer, lemon curd and the whipped cream. Embellish top of cake with more sliced strawberries and chocolate curls and toasted coconut shavings.

Tip: you might want to take an antacid before consuming! (wishing I had) Yummy.
